Frank Asked Ron Savaria about website has not seen it yet.

Frank asked Joe Schwartz about website has not seen it yet because work does not allow him to explore sites

Frank asked about Rich ZJrilli and joe has not heard anything from him yet.

Ron Savaria stated 20 people attending a meeting yesterday and everything is fine.

Joe Schwartz is having problems with previous president saying The former president accused Joe of ruining the Philadelphia club.

Frank was asked how registration is going for Boston. He stated 170 are registered and that he has secured talent for convergence—Elijah Black and others.

Ron Savaria asked about convergence 2010 balance and frank reported Patrick closed the account and they are speaking to authorities about legal auction. Bob gave an accounting of the Treasure3r's report to Ron which satisfied his curiosity Hotel account is paid off. No one has heard from Gary--Gary signed the contract and therefore is liable. Dorian has done a good job dealing with this situation. The account of monies from convergence must be reported. Same thing happened to twin cities regarding convergence 2007 and the club account of twin cities was also closed. Twin cities by-laws states they can not leave ABC—By-laws of the Twin Cities club have to be changed if they wanted to leave. Obviously, Gary and Patrick are very vengeful with regards to convergence 2010. We need to get the "crap" together regarding convergence 2010. They have been unsavory with the situation.

We have Houston back in ABC, Dallas is negotiating with us also, two new clubs are forming in Seattle and North Carolina hopefully will be welcomed into the fold.

12 people showed up for Denver's meeting last week as reported by Tony Colosimo. Very Good turnout.

Bob Allen brought up the idea of Satellite clubs being helped by established clubs and they will be instituted again to help new clubs.

Ryan thinks he needs no help from ABC to set up his club but gave up and took everything down—Lazarus Mitchell contacted Bob Allen to start a club. Ron Savaria has offered his services and will help them if need be.

Ryan had too much on his plate and could not follow thru—Ron Savaria stated no club is any one member's club and that it belongs to the members.

Patrick gave us a bad reputation as far as convergence 2010 goes with member clubs and we are rectifying that situation.

We are getting a lot of support from outside ABC to advertise on our website—barter system is working quite well for advertising on our website. King size XL is going to donate catalogs and gift cards for our raffle.

Frank asked about tax information from Ron. He suggested Rich Zerilli might know or you can call the IRS to get either a new number or our original tax number. We did have one many years ago but can get new number if need be. Chris of Luey has paperwork about our incorporation and will forward it to Damon.

Records have to be kept so transition is smooth. Philly experienced a legal battle to secure the checkbook for the Philadelphia club.

Frank is hoping to bring ABC back to the way it was and help EVERYONE . Jim from Chubnet is a member of the Columbus club and that is why they have not joined us. No favoritism can be accepted.

Frank feels like Obama trying to make things better. The past is the past and can not be changed but we can learn form our mistakes.

Every other month we will have the president's meeting Frank hopes the Presidents will bring up your concerns at this meeting so the general meeting runs smoothly.

Meeting was adjourned.

Respectfully submitted by Bob Allen, Secretary of ABC
